Love Lifted Me K. Godfrey Easter 2002 Love Lifted Me: In Spite of the Church is an inspirational read of an African-American, openly gay man's triumphant journey through the guilt, shame and condemnation bought on by his Christian upbringing. Written by new author, K. Godfrey Easter, it chronicles events from his youth and throughout his young adulthood, describing a vivid, moving and sometimes comical portrait of how seemingly insurmountable social and spiritual challenges guided him to his own Damascus Road. There, he describes in his book, "...within my own private valley of the shadow of death," is where his deeply rooted faith in the unconditionally loving Creator was forever restored; and his unique, human orientation eternally validated by God. Easter writes: "But be not dismayed. We'll eventually reach the other side of the Christian's hell, where a smoother ride exists. Elsewhere he states, "As the proud, single parent of a sixteen-year-old-son, how could I not be the proper example and openly declare my social validity and spiritual liberty?" More than any other published book today on black, gay Christianity, with his book, Easter exposes the religious ambiguity lodged deep within the trenches of African-American organized religion, as he's experienced it, describing how he made it over. "If Christ has set me free, why should I be bound, especially by the Christian church? He boldly declares.

Interpretative Expository Winter Quarter 2020 (Dec-Feb) Church Of God In Christ Publishing House 2020-12-02 Sunday School across America is on a decline. Enlisting help from scholars across the country, the department wrote the Interpretative Expository, an exposition for each lesson of the Sunday School curriculum. Also, to assist pastors, preachers, missionaries, and laity with sermon subjects and preparation, our team has included a sample sermon outline from one of the lessons. Critical Perspectives on Black Education Noelle Witherspoon-Arnold 2014-06-01 While nation engages in debates concerning central issues of religion and religious diversity in education, the historic saliency of religion and spirituality in the Black community and in the education of its children continues to be largely ignored. Historically, religion and spirituality were foundational to the development and understanding of social justice issues, including, but not limited to, issues of protest, community up-lift, notions of care, and anti-oppression. Taking into account the historical significance of religion and spirituality in the Black community, it is essential for education scholars to cultivate these long-standing connections as a means for advancing contemporary struggles for social justice, religiosity in education, and counter-hegemonic praxis. The purpose of this book is to expand our understanding of spirituality and religion as related to the p-20 schooling of Blacks students. Educational scholarship continues to explore the workings of social justice to ameliorate inequities for those who have not been well served in schools.

Although the concept of social justice remains a somewhat inchoate term in educational literature, this book seeks to explore the historicity of religion and spirituality while offering a scaffold that links ordinary everyday acts of justice, religion, and spirituality in education to a culture that systematically and institutionally assaults the worth of Black students. It is important to note that this book is grounded in a broad concept of religion and spirituality and the editors seek to be inclusive of all types, styles, and traditions of religiosity and spirituality.

Walking Into A New Spirituality Calvin McBride 2007-08 The CME Church and COGIC are profoundly connected by the rich histories both denominations share of the struggles and successes of the black church. Through Elder Robert E. Hart's desire for spiritual change and freedom, a schism developed, and he set the two denominations temporarily but gently at odds; however, the CME Church didn't feel threatened by the Sanctified Church or its doctrine and their existence. The Church of God in Christ through the efforts of its founder, Bishop Charles H. Mason, and Elder Robert E. Hart, who was appointed the first Overseer of Tennessee, chose Memphis as the nucleus of the denomination; and from there, they went into all parts of the country with the pentecostal-holiness message. With the help of others, Mason and Hart introduced primarily to the African-American religious community a gospel that helped change history and lives in their struggles for spiritual freedom and social justice. Elder Hart represented and protected COGIC for twelve years as their attorney and represented Bishop Mason when he was jailed for preaching and teaching holiness. Through his legal advice, the reorganized church was protected from the lost of valuable property and hostile litigations in Tennessee, Mississippi, and Arkansas throughout his tenure.

Die Zuflucht Corrie ten Boom 2015-02-18 Was machte man in Amsterdam während des Zweiten Weltkriegs, wenn ein Jude vor der Tür stand, der sich verstecken musste? Man ließ ihn herein, telefonierte und versuchte mit Code-Worten, ihn auf dem Land unterzubringen. Man hatte einen geheimen Raum im Haus, der bei Razzien übersehen wurde. Man übte, nachts aus dem Schlaf gerissen zu sagen: Man wisse von nichts. Corrie ten Boom (1892-1983) erzählt, wie sie mit ihrer ganzen Familie Verfolgten Schutz bietet, selbst zur Verfolgten wird und schließlich 1944 im KZ Ravensbrück inhaftiert wird. Anders als ihre Schwester überlebt sie die Qualen und kommt 1945 frei. Trotz alledem ist sie nach dem Krieg weltweit als Botschafterin der Versöhnung unterwegs. Für ihren Einsatz wurde sie mehrfach ausgezeichnet. Von der Holocaustgedenkstätte Yad Vashem erhielt sie den Ehrentitel "Gerechte unter den Völkern", und die niederländische Königin verlieh ihr den "Orden von Oranien-Nassau". Der internationale Bestseller erscheint in der 31. deutschen Auflage erstmalig in einem größeren Format.

A Matter of Black and White Ada Lois Sipuel Fisher 1996-01-01 A Matter of Black and White is the personal story of an Oklahoma woman whose fight to gain an education formed a crucial episode in the civil rights movement. Born in Chickasha, Oklahoma, of parents only one generation removed from slavery, Ada Lois Sipuel Fisher became the plaintiff in a landmark U.S. Supreme Court case that laid the foundation for the eventual desegregation of schools (and much else) in America. When Oklahoma gained statehood in 1907, the first bill passed by the legislature called for the segregation of the state's public schools and universities. No one successfully challenged segregation until 1946, when Ada Lois Sipuel, a recent graduate of all-black Langston University, applied for admission to the all-white University of Oklahoma law school. Because Oklahoma had no segregated law school for blacks, she argued, the state's official policy of "separate but equal" education was illusory. Her simple act of applying to a white law school touched off a fire storm of controversy. At its center was a fierce legal battle waged by NAACP lawyers, including Thurgood Marshall. Fisher's autobiography reflects much of the history of American blacks and whites and of their changing relationships through this century. It is also the history of family and community life in a small southern town during years of legal segregation, racial discrimination, and economic depression. The people of this remarkable family and community did more than endure in trying times - they triumphed.

Rediscovering an American Classic Glenda Goodson 2016 Glenda Williams Goodson has written on the life of Church of God in Christ pioneers for many years. In her new book, she edits essays on the life of Dr. Arenia Conelia Mallory, one of the foremost educators in America. Mallory, a middle class Black from Jackson, Illinois entered the Southland at the request of Church Of God In Christ founder Bishop Charles Harrison Mason. Soon after her arrival at the Saints Industrial and Literary School in Lexington, Mississippi the principal died and the 22 year became the President of a school with little income, only two books for the entire school with outdoor facilities. With faith in God and determination, she changed the face of Holmes County through succeeded in educating the children of impoverished sharecroppers, despite obstacles such as threats of lynching by the KKK when she refused to fire white teachers. On the 300 acres she amassed for the school, Mallory would add a high school, an accredited college, partner with a sorority to provide health care to those who never visited a doctor and her students would give a command performance in President Franklin D. Roosevelt's White House. A strategic planner, Mallory was Innovative, seemingly fearless and motivated to make a difference in the world. She traveled to shanties to rescue children from poverty and ignorance, North with her all female gospel singing group to raise funds for the school and to Africa where she brought children from the COGIC schools there to educate at her school. Many students

would graduate from universities and worked as college professors, at least one became the General Consul to Liberia and others worked in the space program while heeding her admonition to Walk in Dignity, Talk with Dignity and Live in Dignity.

Women in the Church of God in Christ Anthea D. Butler 2012-01-01 The Church of God in Christ (COGIC), an African American Pentecostal denomination founded in 1896, has become the largest Pentecostal denomination in the United States today. In this first major study of the church, Anthea Butler examines the religious and social lives of the women in the COGIC Women's Department from its founding in 1911 through the mid-1960s. She finds that the sanctification, or spiritual purity, that these women sought earned them social power both in the church and in the black community. Offering rich, lively accounts of the activities of the Women's Department founders and other members, Butler shows that the COGIC women of the early decades were able to challenge gender roles and to transcend the limited responsibilities that otherwise would have been assigned to them both by churchmen and by white-dominated society. The Great Depression, World War II, and the civil rights movement brought increased social and political involvement, and the Women's Department worked to make the "sanctified world" of the church interact with the broader American society. More than just a community of church mothers, says Butler, COGIC women utilized their spiritual authority, power, and agency to further their contestation and negotiation of gender roles in the church and beyond.

Women and Religion in the African Diaspora R. Marie Griffith 2006-09-22 This landmark collection of newly commissioned essays explores how diverse women of African descent have practiced religion as part of the work of their ordinary and sometimes extraordinary lives. By examining women from North America, the Caribbean, Brazil, and Africa, the contributors identify the patterns that emerge as women, religion, and diaspora intersect, mapping fresh approaches to this emergent field of inquiry. The volume focuses on issues of history, tradition, and the authenticity of African-derived spiritual practices in a variety of contexts, including those where memories of suffering remain fresh and powerful. The contributors discuss matters of power and leadership and of religious expressions outside of institutional settings. The essays study women of Christian denominations, African and Afro-Caribbean traditions, and Islam, addressing their roles as spiritual leaders, artists and musicians, preachers, and participants in bible-study groups. This volume's transnational mixture, along with its use of creative analytical approaches, challenges existing paradigms and summons new models for studying women, religions, and diasporic shiftings across time and space.

Disfellowshipped Gerald W. King 2011-08-05 Employing studies in population ecology as a framework for understanding the growth of religious movements, *Disfellowshipped* traces the growth of the Pentecostal movement. The author explores how the Pentecostal movement developed in relationship to Fundamentalism from its roots in the Holiness movement to the formation of the National Association of Evangelicals. Particular attention is given to the various critiques and rebuttals exchanged between Fundamentalists and Pentecostals, exploring how these two movements influenced and shaped one another. This book shows how, despite their mutual antagonism, these two movements held far more in common than in contrast. This book will be of great importance to all those interested in the history of Fundamentalism and the rise of Pentecostalism.

Two Millennia of Memorable Christian Women Stanley M. Burgess 2020-08-19 For over 2,000 years, Christian women have struggled with inequities between the genders. This certainly has been true in matters religious. Christian women have shown ethical, moral and spiritual strength, while being deprived of leadership or power positions reserved for their male counterparts. In this tome, the authors celebrate a wide variety of such female heroines, drawn from early Christian, Roman Catholic, Orthodox, Protestant, Pentecostal and Charismatic groups, as well as a sprinkling of so-called "heretical" individuals. These women often have become saints, martyrs, visionaries, missionaries, and spiritual voices-models to all generations. At the same time, it must be remembered that many of them also carried and gave birth to children, raised them, and fulfilled the other functions required of them in their social contexts. The emphasis is on celebrating these memorable individuals.
