J.D. Salinger's The Catcher in the Rye Sarah Graham 2007-06-11 J.D.

Salinger's *The Catcher in the Rye* (1951) is a twentieth-century classic.

Despite being one of the most frequently banned books in America, generations of readers have identified with the narrator, Holden Caulfield, an angry young man who articulates the confusion, cynicism and vulnerability of adolescence with humour and sincerity. This guide to Salinger's provocative novel offers: an accessible introduction to the text and contexts of *The Catcher in the Rye* a critical history, surveying the many interpretations of the text from publication to the present a selection of new critical essays on the *The Catcher in the Rye*, by Sally Robinson, Renee R. Curry, Denis Jonnes, Livia Hekanaho and Clive Baldwin, providing a range of perspectives on the novel and extending the coverage of key critical approaches identified in the survey section cross-references between sections of the guide, in order to suggest links between texts, contexts and criticism suggestions for further reading. Part of the Routledge Guides to Literature series, this volume is essential reading for all those beginning detailed study of *The Catcher in the Rye* and seeking not only a guide to the novel, but a way through the wealth of contextual and critical material that surrounds Salinger's text.

Cases on Assessment and Evaluation in Education Khosrow-Pour, Mehdi

2012-08-31 With the demand to maintain a competitive advantage, the assessment and evaluation of education is vital in measuring the knowledge and skills of the students, community, and educational system as a whole by providing educators with the facts needed to enhance and improve the learning process. *Cases on Assessment and Evaluation in Education* presents a collection of case studies describing the methods used to assess an education course, what factors to assess, as well as which factors determine the success of these factors. This casebook aims to bring together different research perspectives on the questions surrounding the issues of educational assessment and evaluation.

The Literature Review Diana Ridley 2008-02-18 'I highly recommend Diana Ridley's book. One of its great strengths is its relevance to all students in Higher Education required to undertake a literature review. A sense of security prevailed in the presence of the author's uncomplicated writing style and pages rightly divided into manageable chunks...[This book] lives up to its claim to contain extensive practical tips on how to prepare, organise and write a successful literature review' - ESCalate Review *The Literature Review* is a concise step-by-step guide to conducting a literature search and writing up the literature review chapter in Masters dissertations and in Ph.D. and professional doctorate theses. Diana Ridley describes how to carry out a literature review in a systematic, methodical way, providing useful strategies for efficient reading, conducting searches, organising information and writing the review itself. Examples of best and worst practice drawn from real literature reviews are included throughout to demonstrate how the guidance can be put into practice. This is an accessible, pragmatic and highly practical resource that will be welcomed by postgraduate students of any discipline.

Reviewing GED flash cards is the first step toward more confident GED preparation and ultimately, higher GED exam scores!

I was a Cold War Monster Cyndy Hendershot 2001 Horror films provide a guide to many of the sociological fears of the Cold War era. In an age when warning audiences of impending death was the order of the day for popular nonfiction, horror films provided an area where this fear could be lived out to its ghastly conclusion. Because enemies and potential situations of fear lurked everywhere, within the home, the government, the family, and the very self, horror films could speak to the invasive fears of the cold war era. *I Was a Cold War Monster* examines cold war anxieties as they were reflected in British and American films from the fifties through the early sixties. This study examines how cold war horror films combined anxiety over social change with the erotic in such films as *Psycho*, *The Tingler*, *The Horror of Dracula*, and *House of Wax*.

Russia and Communism Mike Dowling offers a study guide on Russia and communism as part of the Electronic Passport online resource. Topics include information on the former Soviet Union, Russian leaders, the arms race, the Cold War, and more, as well as links to related sites. Dowling notes that the guide has been designed for use by gifted 6th grade students.

Stalin's Wars Geoffrey Roberts 2006-01-01 This breakthrough book provides a detailed reconstruction of Stalin's leadership from the outbreak of the Second World War in 1939 to his death in 1953. Making use of a wealth of new material from Russian archives, Geoffrey Roberts challenges a long list of standard perceptions of Stalin: his qualities as a leader; his relationships with his own generals and with other great world leaders; his foreign policy; and his role in instigating the Cold War. While frankly exploring the full extent of Stalin's brutalities and their impact on the Soviet people, Roberts also uncovers evidence leading to the stunning conclusion that Stalin was both the greatest military leader of the twentieth century and a remarkable politician who sought to avoid the Cold War and establish a long-term detente with the capitalist world. By means of an integrated military, political, and diplomatic narrative, the author draws a sustained and compelling personal portrait of the Soviet leader. The resulting picture is fascinating and contradictory, and it will inevitably change the way we understand Stalin and his place in history. Roberts depicts a despot who helped save the world for democracy, a personal charmer who disciplined mercilessly, a utopian ideologue who could be a practical realist, and a warlord who undertook the role of architect of post-war peace.

Britain and the Cold War, 1941-1947 Victor Rothwell 1982 Rothwell, der har undervist i nyere historie ved University of Edinburgh siden 1970, skriver på grundlag af Foreign Office's arkiver i Public Record Office om Storbritanniens udenrigspolitik 1941-47, specielt forholdet til Sovjet og USA

Hong Kong and the Cold War Chi-kwan Mark 2004-08-05 After 1949, the British Empire in Hong Kong was more vulnerable than the lack of Chinese demand for return and the success of Hong Kong's economic transformations might have suggested. Its vulnerability stemmed as much from Britain's imperial decline and America's Cold War requirements as from a Chinese threat. It culminated in the little known '1957 Question', a year when the British position in Hong Kong appeared more uncertain than any time since 1949. This is the first scholarly study that places Hong Kong at the heart of the Anglo-American relationship in the wider context of the Cold War in Asia.

Unlike existing works, which tend to treat British and US policies in isolation,

this book explores their dynamic interactions - how the two allies perceived, responded to, and attempted to influence each other's policies and actions. It also provides a major reinterpretation of Hong Kong's involvement in the containment of China. Dr Mark argues that, concerned about possible Chinese retaliation, the British insisted and the Americans accepted that Hong Kong's role should be as discreet and non-confrontational in nature as possible. Above all, top decision-makers in Washington evaluated Hong Kong's significance not in its own right, but in the context of the Anglo-American relationship: Hong Kong was seen primarily as a bargaining chip to obtain British support for US policy elsewhere in Asia. By using a variety of British and US archival material as well as Chinese sources, Dr Mark examines how the British and US government discussed, debated, and disagreed over Hong Kong's role in the Cold War, and reveals the dynamics of the Anglo-American alliance and the dilemmas of small allies in a global conflict.
