The International Exhibition of 1862 Anonymous

2014-04-17 Replete with detailed engravings, this four-volume catalogue was published to accompany the International Exhibition of 1862. Held in South Kensington from May to November, the exhibition showcased the progress made in a diverse range of

crafts, trades and industries since the Great Exhibition of 1851. Over 6 million visitors came to view the wares of more than 28,000 exhibitors from Britain, her empire and beyond. Featuring explanatory notes and covering such fields as mining, engineering, textiles, printing and photography, this remains an instructive resource for social and economic historians. The exhibition's Illustrated Record, its Popular Guide and the industrial department's one-volume Official Catalogue have all been reissued in this series. Volume 4 continues to catalogue the Foreign Division. Notable is the appearance of early exhibits from Steinway & Sons in the brief section for the United States. In contrast, Austrian and German exhibits occupy more than 400 pages.

King Cotton Sven Beckert 2014-10-21 Vor mehr als 250 Jahren wurde das Reich errichtet, in dem King Cotton herrscht. Krieg, Sklaverei und Ausbeutung standen an seiner Wiege. Während fremde Kulturen rücksichtslos zerschlagen wurden, häuften Händler im Zusammenspiel mit der Staatsgewalt enorme Vermögen an. Ein neues ökonomisches Prinzip begann seinen globalen Siegeszug. Sven Beckert, Professor für Geschichte an der Harvard-Universität, schildert die Geschichte des Kapitalismus im Spiegel eines Produktes, das heute jeder von uns am Leibe trägt – der Baumwolle. Die Geschichte des Kapitalismus gehört zu den spannendsten Themen der aktuellen Geschichtswissenschaft. Fast immer aber geht es dabei um einzelne Epochen oder Regionen. Sven Beckert wagt in seinem brillanten Buch erstmals eine übergreifende Darstellung, die anhand einer einzigen Ware höchst anschaulich zeigt, wie der Kapitalismus entsteht, sich gleichsam einübt und nach und nach die Lebensverhältnisse und Arbeitsbedingungen, ja das Schicksal der Menschen überall auf der Welt seinen Bewegungsgesetzen unterwirft. Das Resultat ist ein ebenso verstörendes wie erhellendes Buch darüber, wie unsere globale Welt von heute entstanden ist.
