*To Be An Airline Pilot* Andrew Cook 2012-05-01 If your dream is to be an airline pilot, or you would

like to know what it takes, this book reflects the experiences, thoughts and findings of a trainee pilot throughout the journey that took him into the right-hand seat of a jet airliner. The book covers everything that you need to consider before and during the training process, including where to train and how to raise funds. The flying course structure and ground school subjects are detailed, and many sample exam questions are included to give a flavour of what lies ahead. The book also looks behind the scenes, at life on a training campus, and considers all the important practicalities before going on to look at how to find that dream job.

**Jeppesen** Richard Jeppesen 2008-07-30 Plane crashes... by the hundreds. This was not a safe business. There was nothing to copy, no one to learn from. Nobody knew about metal fatigue and G forces. Nobody knew what damage hail could do to an airplane flying at 120 mph. Nobody knew what turbulence could do to an airplane. Nobody knew icing would kill the lift on

wings. There were no gyro's, no instruments, no navigation facilities, no beacons, no rules, no regulations, no aircraft standards and no airports in the early days. Just young men and their flying machines that would bet their lives to pioneer a mega billion dollar industry.

Der Preis für ein Leben ohne Grenzen - Teil I

Adalbert Dombrowski 2022-01-07 Adalbert Dombrowski (geb. 1936) - in den Jahren 1976-2005 Berufspilot, zuvor Sonderpädagoge, rastloser Geist, Aktivist, politischer Gefangener der Volksrepublik Polen und später Emigrant. Nach Jahren intensiven und interessanten Privat- sowie Berufslebens beschloss der Autor, eine Autobiografie zu schreiben. Man kann es als mutig bezeichnen, denn mit der Hauptperson möchte sich der Leser nicht immer identifizieren. Der Titel - Der Preis für ein Leben ohne Grenzen - spricht davon, was junge Menschen, die die deutsche Besetzung Polens erlebt haben und unter sowjet-kommunistischem Regime aufgewachsen sind, zu Rebellion und verrückten Unternehmungen getrieben hat. Damals waren Indoktrination und Zensur allgegenwärtig, die Karriere hing ab von politischen Ansichten. Die Möglichkeit, sich in Europa und der Welt frei zu bewegen gab es nicht. Hinzu kam die bedingungslose Liebe zur Fliegerei, die den Drang des Autors, die Welt zu erobern, mit der Leidenschaft für das Vagabundentum und der Lust am Abenteuer verband. Des Autors Generation hat alles getan, damit künftige Generationen von Polen ohne Grenzen leben können - in einer freien und unabhängigen Heimat. Vielleicht regt dies den Leser von heute zum Nachdenken darüber an, dass es sich gelohnt hat, dafür zu kämpfen, und dass es sich auch heute lohnt, dafür zu kämpfen, denn die Freiheit ist nicht ein für alle Mal gegeben.
