Karl Marx on Society and Social Change Karl

Marx 2013-07-19 This volume presents those writings of Marx that best reveal his contribution to sociology, particularly to the theory of society and social change. The editor, Neil J. Smelser, has divided these selections into three topical sections and has also included works by Friedrich Engels. The first section, "The Structure of Society," contains Marx's writings on the material basis of classes, the basis of the state, and the basis of the family. Among the writings included in this section are Marx's well-known summary from the Preface of A Contribution to a Critique of Political Economy and his equally famous observations on the functional significance of religion in relation to politics. The second section is titled "The Sweep of Historical Change." The first selection here contains Marx's first

statement of the main precapitalist forms of production. The second selection focuses on capitalism, its contradictions, and its impending destruction. Two brief final selections treat the nature of communism, particularly its freedom from the kinds of contradictions that have plagued all earlier forms of societies. The last section, "The Mechanisms of Change," reproduces several parts of Marx's analysis of the mechanisms by which contradictions develop in capitalism and generate group conflicts. Included is an analysis of competition and its effects on the various classes, a discussion of economic crises and their effects on workers, and Marx's presentation of the historical specifics of the class struggle. In his comprehensive Introduction to the selections, Professor Smelser provides a biography of Marx, identifies the various intellectual traditions which formed the background for Marx's writings, and discusses the selections which follow. The editor describes Marx's conception of society as a social system,

the differences between functionalism and Marx's theories, and the dynamics of economic and political change as analyzed by Marx.

Erich Fromm Gesamtausgabe Erich Fromm 2016-09-19 Alle 250 Bücher und Artikel in deutscher Sprache: was bisher nur in einer zwölfbändigen Druckausgabe oder in 157 einzelnen E-Books zugänglich war, enthält diese Gesamtausgabe in einem einzigen E-Book. Leichter und direkter gibt es derzeit keinen Zugang zum Gesamtwerk des großen Psychoanalytikers, Sozialpsychologen und Humanisten Erich Fromm (1900-1980). Sämtliche Titel sind mit Anmerkungen des Herausgebers versehen. Diese geben Auskunft über die Entstehung, den Inhalt und die Bedeutung, die eine Schrift innerhalb des Gesamtwerks und hinsichtlich ihrer Wirkungsgeschichte hat. Auch weisen sie auf wichtige Literatur hin, die von anderen zu Themen und Büchern Fromms verfasst wurde. Die Vorteile einer elektronischen Gesamtausgabe werden umfassend genutzt: So

ermöglichen zahlreiche Querverweise einen schnellen und direkten Zugang zu kontextrelevanten Stellen im Werk Fromms. Auch kann im gesamten Werk nach Namen und Begriffen gesucht werden. Um die E-Book-Gesamtausgabe auch wissenschaftlich nutzen zu können, wurden die Seitenwechsel der gedruckten, zwölfbändigen Gesamtausgabe im Text jeweils vermerkt. Damit lassen sich Texte und Zitate seitengenau nachweisen. Rainer Funk, der Herausgeber dieser Gesamtausgabe hat als Erich Fromms Nachlass- und Rechteinhaber bereits 1980 und 1999 die gedruckte Gesamtausgabe herausgegeben.

Karl Marx and Friedrich Engels (RLE Marxism)

Cecil L. Eubanks 2015-04-17 The project to publish the works of Marx and Engels continues, and this book, published in 1984, puts together a comprehensive bibliography of their works either written in or translated into English, including books, monographs, articles, chapters and doctoral dissertations, together with the works of their interpreters. The inclusion of the secondary literature makes this a particularly valuable bibliography, and contributes greatly to the understanding of the thought of Marx and Engels.

An Essay Concerning Human Understanding John Locke 1996 Featuring the works from Marx's enormous corpus, this title covers Marx's development from the Hegelian idealism of his youth to the mature socialism of his later works. It includes writings from Marx's early philosophical works, and the central writings on historical materialism.

Und zwar, wie Max Weber (1964a : 22 ff.) betont, positiv wie auch negativ, also im Sinne der Erfüllung der betreffenden Norm oder auch ihrer Negierung. Für Max Weber, das sei an gemerkt, ist in diesem Zusammenhang die spezifische Sinnhaftigkeit und damit Verstehbarkeit solchen Handeins festgemacht an dem Moment seiner Orientierung an Sollvorstellungen bzw. "Vorstellungen vom Gelten einer legitimen Ordnung". Die viel zu enge Verknüpfung des Sinnbegriffs mit dem Muster der Zweckrationalität bei den meisten Interpretationen Webers hat nur zu häufig zur Folge gehabt, daß man diese Dimension des Webersehen Sinnbegriffs aus dem Auge verloren hat. 2 Ich verweise dazu noch einmal auf Tyrell (1971 : 373

ff.) und die dortige kritische Auseinandersetzung u.a. mit dem Problem der "double contingency of interaction" bei Parson (1964: 10 f., 36 ff.) und dem Konzept der "Wirkenbeziehung" bei Alfred Schütz (1932 : 176 ff.). Das fundierende Problem aber ist das der Intersubjektivität (Tyrell 1971 : 237 ff.) oder mit Luhmann (1967 : 105 ff.; 1968 : 1 ff.) das der "sozialen Kontingenz". 3 So heißt es bei Gouldner (1974: 326) im Hinblick auf die Genese der, Moral": "Die Sprache der Moral ... entsteht in der sozialen Welt in solchen Situationen, in denen das, was die Menschen wollen, die Gratifikationen, nach denen sie streben, ungewiß und gefährdet sind.
