The Loss of Autarch Starkey Peter Van Belle 2011-10 From the dark corner that spawned Mervyn Peake's Gormonghast trilogy and Jonothan Swift's satires comes this gritty tale of bizarre savagery and intrigue. A former leader writes his apology while crossing a desert, telling of his hallucinatory origins in the jungle of Woldland, his first encounters with urban life in Midland, and his slow rise to power under the influence of his friend Hieronymus Blint. He tells of loves and lies, of violence and skullduggery, and of moments of beauty.

How I Lost My Mother Leslie Swartz 2021-03-01 How I Lost My Mother is a deeply felt account of the relationship between a mother and son, and an exploration of what care for the dying means in contemporary society The book is emotionally complex - funny, sad and angry - but above all, heartfelt and honest. It speaks boldly of challenges faced by all of us, challenges which are often not spoken about and hidden, but which deserve urgent attention. This is first and foremost a work of the heart, a reflection on what relationships mean and should mean. There is much in the book about relationships of care and exploitation in southern Africa, and about white Jewish identity in an African context. But despite the specific and absorbing references to places and contexts, the book offers a broader, more universal view. All parents of adult children, and all adults who have parents alive, or have lost their parents, will find much in this book to make them laugh, cry, think and feel.

Loss and Discovery Margaret Wesley 2013-08-09 As you read this book, you will see that grief is something more than a necessary response to loss; and as you move towards grieving people with the compassion of Jesus, this book will help you understand the operations of grief in the thinking, feeling, acting, relating and bodily

experience of those who are suffering. It will also prepare you to enter authentically into the foreign world of another person's grief with biblical, historical and psychological frameworks within which to understand the loss, and in which to accompany grieving people in their pain.

On My Own Two Feet Amy Purdy 2014-12-30 Amy Purdy, who inspired a nation on Dancing with the Stars and has been called a hero by Oprah Winfrey, reveals the intimate details of her triumphant comeback from the brink of death to making history as a Paralympic snowboarder. In this poignant and uplifting memoir, Dancing With the Stars sensation Amy Purdy reveals the story of how losing her legs led her to find a spiritual path. When the Las Vegas native was just nineteen, she contracted bacterial meningitis and was given less than a two percent chance of survival. In a near-death experience, she saw three figures who told her: "You can come with us, or you can stay. No matter what happens in your life, it's all going to make sense in the end." In that moment, Amy chose to live. Her glimpse of the afterlife—coupled with a mysterious premonition she'd had a month before —became the defining experiences that put Amy's life on a new trajectory after her legs had to be amputated. She wouldn't just beat meningitis and walk again; she would go on to create a life filled with bold adventures, big dreams, and boundless vitality—and share that spirit with the world. In 2014, Amy—the only competitor, male or female, with two prosthetic legs—claimed a bronze medal for the U.S. Paralympic team in adaptive snowboarding. She then became a contestant on season eighteen of Dancing With the Stars, and viewers were captivated as the girl with bionic legs managed to out-dance her competitors all the way to the finale. Amy's journey is a

testament to the resilience of the human spirit and the capacity we all have to dream bigger, defy expectations, and rewrite our stories. Amy was given a second chance for a reason—to use her life to inspire others. Her powerful memoir urges us to live life to the fullest, because we are all a lot more capable than we could ever imagine.

Life and Loss Linda Goldman 2013-11-20 Many clinicians recognize that denying or ignoring grief issues in children leaves them feeling alone and that acknowledging loss is crucial part of a child's healthy development. Really dealing with loss in productive ways, however, is sometimes easier said than done. For decades, *Life and Loss* has been the book clinicians have relied on for a full and nuanced presentation of the many issues with which grieving children grapple as well as an honest exploration of the interrelationship between unresolved grief, educational success, and responsible citizenry. The third edition of *Life and Loss* brings this exploration firmly into the twenty-first century and makes a convincing case that children's grief is no longer restricted only to loss-identified children. Children's grief is now

endemic; it is global. Life and Loss is not just the book clinicians need to understand grief in the twenty-first century—it's the book they need to work with it in constructive ways.

Lost Life Recovered: an Odyssey Dr. S.M. Ghazanfar 2019-06-10 This is the story of an individual, who overcomes almost insurmountable odds, recovers and succeeds. His father, having four daughters, won the demographic lottery: the son was born. When just under 4 years old, his father was murdered by a man who then becomes his step-father. That's when the orphaned son's survival struggles—his odyssey—begin. Traumatized and scared, he suffered regular abuse, as did the family. Abandoned at age 10, survival struggles intensify. Foster-homes enabled him to finish high-school (10th-grade) at age 14. At age 15, he had to go to work and support the step-father. Progressed rapidly, his last job was at the U.S. Embassy. Despite his 10th-grade education, he obtained admission in a U.S. university and came to the U.S. in 1958. At times surviving on one-meal a day, soon he was working part-time—cleaning bathrooms, washing dishes, scrubbing floors, cleaning animal-pens, etc.; he worked summers in fruit-orchards, lumber mill, and as janitor. Graduated with honors, he earned master's in 1964 and doctorate in 1968. He is now an emeritus-professor/chair, University of Idaho. Inspired by the memory of his father, the land of opportunity enabled him to overcome the odds and recover his lost life; the American dream fulfilled.
