This unofficial

resource at last takes notary prep to the next level by revealing the tricks of questions and formats, tactics for the test, and the law behind it. Louisiana civil law notaries have unmatched functions, responsibilities, and opportunities—but the exam averages a 20% pass rate. Candidates need all the help they can get. The best prep classes and study groups recommend multiple practice questions to understand the format, content, and coverage of the actual exams the Secretary of State administers each year. Yet even the best workbooks and study aids are costly but barebones in the answers they provide. Their questions help, but students are left matching answers to page numbers. There's no guidance on why they're right—and even less about why other good options aren't "best." This book fills that void with 130 questions and detailed clarifications, plus tactics illustrated by specific formats and options. Explanations are keyed in detail to the 2022 Fundamentals (state study guide). Dr. Childress, author of a best-selling supplemental book decoding the state study guide and teacher of Tulane's undergraduate course in notary law, explains every twist he can think of that the examiners may try. Whether as a recommended supplement to a prep class, as spelled-out lagniappe to other available workbooks, or as a new tool for self-study, this workbook should become standard fare for anyone contemplating becoming a commissioned notary. An affordable addition to the Self-Study Sherpa Series from Quid Pro Books.

*Trucking While Black* Brian E. Scott 2016-11-30 I was compelled to tell the story of how trucking really is, because it's just so ridiculously bad. Time after time, you get these diehard flag-wavers, who couldn't tell the truth about anything even if their lives depended on it.

Well I'm telling the truth about this industry. Whether you're black, white, or polka-dot, if you're a trucker, you'll be able to relate to it. If you're not a trucker, but instead a four-wheel road warrior, this story still will be something that will be of interest for sure.

Federal Aviation Regulations Study Guide for the Private Pilot Elite Aviation Solutions 2013-05-07 Every year thousands of private pilots buy a FAR/AIM with the intention of studying the regulations. My estimate is that the average pilot spends less than 20 hours a year using the FAR/AIM manual to increase their knowledge. Pilots have good intentions of studying, but the lack of use is mainly due to the poor study format of the FAR/AIM. The end result is that pilots understand only a small number of regulations. Louisiana Notary Exam Outline to the 2022 Study Guide  
Michele Childress 2022-04-24 The Louisiana Notary Public exam is based on a 705-page study guide, Fundamentals of Louisiana Notarial Law and Practice. But the official book is famously difficult and organized in a complex way. Readers often need help—including classes and Facebook groups—just to unwind it. This book is, at last, directly aimed at simplifying and outlining the study guide itself. Such a resource offers a better chance of passing the notoriously difficult notary exam.

Law school classes and bar exam prep have long given law students the advantage of complete outlines, nutshells, and bar review materials authored by experts in their subjects. It's time for this concept to be used for notary prep as well. Applying the tried-and-true outlining format successfully employed for bar review, experienced lawyer/notary Michele Childress offers this resource for aspiring Louisiana notaries—whether they're prepping by self-study or as part of organized coursework. A new addition to the Self-Study Sherpa Series from Quid Pro Books, this book joins the Sidepiece and Sample Questions texts as affordable guidance in the journey to becoming a commissioned notary in our state.
