**Average Expectations** Shep Rose 2021-03-16 This witty and engaging collection of essays from the charismatic star of Southern Charm offers rip-roaring stories and tongue-in-cheek advice on everything from relationships to travel to popular culture and beyond. Perfect for fans of authors as wide-ranging as Andy Cohen to Tucker Max. Shep Rose, star of Southern Charm and owner of Shep Gear, shares this irreverent and relatable collection of lessons and anecdotes about living an untamed, genuine life, raising hell yet having fun along the way. With his signature endearingly snarky voice, he explores topics as varied as the trials and tribulations of being a late bloomer, the ins and outs of ghosting, how to talk about politics without resorting to blows, the dos and don'ts of getting drunk abroad, and much more. Shep has caroused around the world, from Hong Kong to Dubai to the mean streets of Charleston, and the fact that he hasn't been the subject of a Locked Up Abroad episode defies all logic. Average Expectations is a chronicle of one lucky SOB and the exploits that got him where he is today, with advice and stories that will help unleash your inner rabble-rouser, inspire you to live an untamed life, and remind you that at the end of the day, life is all about having fun, having a laugh, and, most important of all, being in on the joke.

*Moving Boarders* Matthew Atencio 2018-12-03 Once considered a kind of delinquent activity, skateboarding is on track to join soccer, baseball, and basketball as an approved way for American children to pass the after-school hours. With family skateboarding in the San Francisco Bay Area as its focus, *Moving Boarders* explores this switch in stance, integrating first-person interviews and direct observations to provide a rich portrait of youth skateboarders, their parents, and the social and market forces that drive them toward the skate park. This excellent treatise on the contemporary youth sports scene examines how modern families embrace skateboarding and the role commerce plays in this unexpected new parent culture, and highlights how private corporations, community leaders, parks and recreation

departments, and nonprofits like the Tony Hawk Foundation have united to energize skate parks--like soccer fields before them--as platforms for community engagement and the creation of social and economic capital.

**HOMAN INHOMANITY** Edward Makhene 2014-05-06 HOMAN INHOMANITY is a perspective on twin world, a possible world in our universe, and the way human inhumanity might have presented in our otherwise humane Christian world. Notable sections of the inhabitants of twin world are trapped in a miasma of vulgarity and self-aggrandizement that has prompted them to divide their homan population into superior, privileged homan beings and inferior, deprived sub-homan beings solely on the irrational criterion of the color of their skins. They have disguised their flagitious and contemptible herrenvolk agenda in ostensibly benevolent efforts to Krustanize, civilize, and democratize their arbitrary inferiors by discriminating against them, oppressing, dehumanizing, exploiting, and systematically decimating them while expecting them to meekly turn the other cheek like true twin world Krustans (Christians). But now the time has finally come for the sub-homans of twin world to decisively turn the tide, jettison their burden, and determine their own destiny.

Nicole Lenoir-Jourdan is a strong-willed woman hiding from an ambiguous past in Shanghai. Larger than life, Private Jimmy Oldcorn was once a street kid and leader of a New York gang. Together, they reap a vast and not always legitimate fortune from the sea. Brother Fish is an inspiring human drama of three lives brought together and changed forever by the extraordinary events of recent history. But most of all it is about the power of friendship and love. Visit [brycecourtenay.com](http://brycecourtenay.com)

Running Into the Fire Terri Hasdorff 2022-09-06 We are the answer to America's growing darkness. Afterreading this book, you will have the keys you need to be a vibrant participant of the political system to see laws and policies passed that will positively affect generations for God's purposes. In *Running Into the Fire*, Terri Hasdorff draws from her more than twenty years in politics to reveal how people of faith can effectively influence government and push back against the liberal socialist agenda. In addition to revealing how the rise of super PACs and massive marketing machines are getting unqualified and corrupt candidates elected, this book gives clear-cut direction for how people of conscience

can get involved in politics, whether they are soccer moms with limited resources or multimillionaires capable of making sizeable campaign contributions. Sharing advice for finding and supporting honest candidates and ensuring contributions go to campaign needs and not bloated consultant salaries, Hasdorff also reveals: how to make a difference as an average citizen, what to know before running for political office, and how to give in the most effective way. All is not lost. People of faith really can make a difference in their communities and the nation, but they must get involved in politics.
